## Office Details:

### Current Office Projects:

The office is still working on the banner for our local group, along with the interior of the loft of the sheep barn which is being converted into a feasting hall (the painting of which being on hold until Spring). Also just finished a small box to hold the Gold Key jewellery. Members are producing garb, game pieces, Viking knit chains. The barn interior has been worked on more as well, with more painting done and trim added.

### Future Office Projects:

The conversion of the barn loft is an ongoing project on hold until warmer painting weather comes in Spring. Faux stained glass windows will be produced over the winter for either end of the barn; experiments using black balloon ribbon on protective plastic adhesive film for the leading have been highly successful. We will also be making a clothes rack for Gold Key.

### Competitions and Displays:

None this quarter.

### Collegiums and Workshops:

None this quarter; a workshop for clay work is in the works however.

**Activities of Note: (Demos, Guilds, Special Interest Groups):**

We have been exploring doing a demo at the local college but things are still extremely preliminary. Winter is not a good travel time here.
